Value Analytics

Funding and Publication Impact
Impact of IT resources on external funding and publications.

Co-PI Collaboration Network
Co-PI collaboration network based on NSF funding data.

Description
- XSEDE: Summarizes all Value Analytics data.
- Time-Proportional Dollars of Active Grants ($) - The sum of each of the amount of dollars associated with applicable, active grants, multiplied by the percentage of their lifetimes a data point covers. This assumes an even distribution of grant dollars over the lifetime of a grant.
